

LIGHT OF CHRIST CHRISTIAN ACADEMY SCHOOL NEWSLETTER

VOLUME 1 | 2023

FEATURED STUDENT

Grace has a tender heart for God and an enormous love for those around her. She is a light in the classroom and sets a positive example to the other students to follow. She loves all things pink and enjoys riding bikes, writing cards to her friends, and doing crafts. We love you, Grace!

THIS MONTH IN THE CLASSROOM

Students have been learning all about the unique animals that God has created, and they got the opportunity to visit the Phoenix Zoo to see some of them in real life! Students enjoyed discussing the different habitats, seeing the flamingos care for their eggs, and watching the spider monkeys swing through the trees.

THANK YOU!

Thank you to everyone in the congregation at Light of Christ. We already have 15 students enrolled for Kindergarten in 2023-24, and 10 students moving on to first grade, with many months to grow. We are so grateful for your prayers and support!

THE GOSPEL TO LIFE

Students are learning about serving one another in love the way that Christ did. Ms. Anna demonstrated how to be a servant like Jesus by washing the feet of her students.

WINTER WRITING

Students shifted into nonfiction writing while learning about animal habitats. They have been researching and learning new facts that they can write about!

DONUTS WITH DADS

Academy and Preschool students joined their dads in fellowship during this special event in February. It was wonderful to see everyone in the school community together!
